5. North Salem U13 Girls Sparks

Listen to what a WYSL Coach has to say about AT PEAK:

"The decision to use At Peak was a logical one for me because I was looking for additional resources to help extend the training time for my team, given that I'm only with them three times a week, twice for training, then once when we play our weekend game. My players are also experiencing different levels of physical growth spurts and I was looking for a program that continued the focus on strength conditioning workouts off the training field to minimize injuries.

Westchester Youth Soccer League, distributed at the end of every month. Please send any feedback on what you would like to see in future editions to Philip Flynn Jr at PJ@WYSLSOCCER.ORG
